TO SHINGLE GETTERS.

THE undersigned has been appointed agent for selling the Patent Right to use Kinney's Shingle Machine, in the counties of Halifax, Nash, Johnston, Cumberland, Richmond, and all the counties lying east and south of these, in the State of North Carolina, except the county of Edgecombe, the right of which has been sold to another. He has also received the agency for the whole state of South Carolina. He is authorized to sell to individuals or to companies, for a single right, the right for a county, or for all that part of North Carolina mentioned, in one sale; and likewise in the same way for the districts in South Carolina. He has made an arrangement with Mr. U. Wells, of Petersburg, Va., to make the Machine to order, to be delivered at any Depot on the Wilmington and Raleigh Railroad, the freight to be paid by the buyer, but he will procure its delivery without charge for his trouble. This Machine is of simple construction, and easy to be kept in order; and can be used either by hand, horse, water, or steam power. Two good hands can easily make from the blocks, from 4000 to 5000 Shingles per day, ready jointed, and nearly as smooth as if planed, and any width desired, from 4 to 10 inches. They could also easily move the machine from place to place, to be convenient to their timber. The cost of the machine, ready made, will be \$50. The price of the right to use it, will vary according to the extent of the purchase. He will have a machine here in a few days, as a sample, and invites the public to call and see it operate.

He will endeavor to obtain a suitable person to carry a Machine into all of these counties, to show its value. A. J. BATTLE, Agt. May 23, 1845. 36-4f

HONOR TO WHOM HONOR IS DUE.

IT may truly be said, that no one has ever been so successful in compounding a medicine, which has done so much to relieve the human family, to rob disease of its terrors, and restore the Invalid to Health and comfort, as the Inventor and Proprietor of that most deservedly popular family medicine, Dr. Swayne's Compound Syrup of Wild Cherry, and none has been so generally patronized by the Profession and others, both in this country and in Europe, nor has there ever been so great an effort in the short space of six or seven years, to deceive the credulous and unthinking, by putting up Nostrums of various kinds, by various individuals, affixing the name of Wild Cherry, and as much of the name of the original preparation as will screen them from the lash of the law, and one of the impostors who puts out the common paregoric of the shops and calls it the Balsam of Wild Cherry, has had the impudence to caution the public against the original preparation, Dr. Swayne's Compound Syrup of Wild Cherry, which is doing so much good in the world.

Beware of such impostors

And purchase none but the original and only genuine article as prepared by Dr. Swayne, which is the only one compounded by a regular Physician, and arose from many years' close attention to the practice of the profession, and which led to this great discovery. Thousands and tens of thousands of the best testimonials of the unparalleled success of Dr. Swayne's Compound Syrup of Wild Cherry for the cure of consumption, coughs, colds, spitting blood, liver complaint, tickling or rising in the throat, nervous debility, weakness of voice, palpitation or disease of the heart, pain in the side or breast, broken constitution from various causes, the abuse of calomel, &c., bronchitis, asthma, whooping cough, &c., were declared to the world years ago by Dr. Swayne, whose office has been removed to N. W. corner of 8th and Race streets, Philad'a. The Balsam and other spurious articles of Wild Cherry have been sold out, and the proprietors are obliged to resort to falsehood and stratagem to make their own out of it. The genuine article is put up in plain style in square bottles covered with a blue wrapper, with a yellow label with the proprietor's signature attached. To get the genuine in Wilmington, you must go to the only appointed agent, WM. SHAW.

The public are requested to remember that it is Dr. Swayne's Compound Syrup of Wild Cherry, that has and is repeatedly performing such miraculous cures of diseases which have baffled the skill of the profession and set at defiance the whole catalogue of Patent Medicines, which are daily puffing through the organs of the press. Therefore ask for Dr. Swayne's Compound Syrup of Wild Cherry, and purchase no other. April 11th, 1845.

Save your Corn Cobs and Shucks.

TO THE PLANTERS AND MILLERS OF NORTH CAROLINA.

THE undersigned has obtained Letters Patent, to enable common Mill stones (or rocks) now in use, to grind CORN, COB AND SHUCK, into meal, for Horses, Mules, Cattle, Hogs, &c., thereby saving more than one third of a crop, which is an important item with planters. The machinery used for the above purpose is simple and durable, and cannot, with fair means, get out of order. It will last as long as the Stones last, with an expense of 50 cents every five years. To enable the common Mill Stones to grind ear corn into meal, requires no new buildings or extra power. It can also be applied to Horse Mills, Thrashing Machines, Gins, or any given power known. The same Mill will grind one-third more of Corn Meal by the introduction of this Machinery, and can be changed from grinding Corn and Cob, to grinding Corn Meal in the space of thirty seconds. Corn alone, when fed to stock, is said to be the most practical and scientific Planter, constituting in its effects, producing founders, cholera and various other maladies which are incident to stock. Grinding cobs with the Corn, makes a food congenial with their nature, and cannot produce any of the serious results above mentioned. Stock, when fed on Corn exclusively, are deprived of the benefits of distension (so necessary to the proper health of animals) by their being unable to eat a sufficient bulk to produce distension before the animal becomes gorged. Cobs ground with the corn, produce the necessary distension, without any danger of diseases arising from overeating. Corn and cob meal is improved by scalding, and still more by boiling, and yet more by a partial fermentation. All the preparations facilitate digestion for Hogs. But Horses and Mules will not eat fermented food, consequently they will require it dry or partially wet with cold water. Horses, Mules and Oxen, when fed with unground food, void much in an undigested state, which is of course lost for all beneficial purposes. Read the subjoined certificate.

The undersigned can be addressed at Raleigh, and all calls will be attended to punctually and with despatch by himself for Agent.

W. F. COLLINS. 26-1y.

CERTIFICATE.

Having been solicited by Maj. Collins to have my Mill adjusted to grind Corn in the Ear and Shuck, I consented that he should do so as an experiment; and I am able to say that it grinds Corn in the Shuck at the rate of 30 bushels per hour; and the dressing of the stones is so improved, that it grinds shelled Corn more than twice as fast as before, and by my watch, at the rate of 15 bushels per hour, and the meal finer than usual. I deem it a valuable improvement, and shall purchase the right to use it, as it will afford me a speedy way of feeding my horses and cattle, and save much thereby. WM. BOYLAN. March 14, 1845. [26-1y]

The North Carolina Standard.

W. W. HOLDEN, Editor and Proprietor.

WHEN the undersigned took charge of the Standard, on the 1st of June, 1843, its list numbered about one thousand subscribers. Since that time this number has considerably increased, but it is still insufficient to support such a paper as the democracy of the State desire to have at the seat of government. All the friends of the paper, with whom the undersigned has conversed and corresponded on the subject, think that the list may be increased to at least four thousand. Cannot this be accomplished? The undersigned respectfully submits whether, out of 40,000 democratic voters in North Carolina, there cannot be obtained for the Central Journal a permanent circulation of four thousand copies.

It is needless, perhaps, to say that the Standard will be constantly devoted to the support and promulgation of democratic principles, and that its Editor will labor, month by month, and year by year, with whatever abilities he may possess, to destroy the odious and dangerous doctrines of the Federal party. And it may not be improper to state here, that at the late meeting of the Democratic State Central Committee for North Carolina, a resolution was passed heartily and entirely approving of the course of the Standard since it has been under the control of the undersigned, and recommending to the party throughout the State the importance of increasing its circulation. The Standard will continue to give attention as heretofore, to miscellaneous reading, and to the general news of the day; and no efforts nor pains will be spared to render it an useful and interesting sheet. To those who, at the commencement of his labors, gave to the undersigned a generous support and confidence; and who continue to cheer him by their patronage and friendship—and indeed to the whole democratic party of the State—he tenders his sincere thanks.

Terms of the Standard.—For a single copy, three dollars per annum in advance. One copy for two years, or two copies for one year, for five dollars, in advance. For four copies ten dollars; for ten copies twenty dollars—in advance. Any person procuring and forwarding five subscribers with the cash (\$15) will be entitled to the paper for one year free of charge. WM. W. HOLDEN. April 23d, 1845.
